

Fairfax, VA – January 2, 2016. ICS Nett, Inc. (ICS) has appointed John S. Alexander, a retired U.S. Army Colonel, as the new Chief Executive Officer for their Fairfax VA based company. John's career encompasses over two decades of combat leadership in the U.S. Army Special Forces and culminated with command of a large and complex defense support organization providing security and logistical support to hundreds of thousands of Americans in Kuwait, Iraq, and Afghanistan. His long term consulting work for international companies in markets ranging from IT and logistical services, to production and delivery of complex defense programs, adds to his exceptional leadership abilities.

Khurram Shah, Board Chairman, said "John brings the level of leadership and experience that can propel us (ICS) to the next level in our business plan. His strategic mindset, coupled with his extensive knowledge of the federal and commercial markets makes him an ideal choice for CEO."

John Alexander stated, "I'm deeply honored to lead ICS. The talent and initiative I see in the company are foundational for a lean, agile company to thrive in a dynamic market. I look forward to moving ICS toward even greater levels of success."

About ICS

ICS, headquartered in Virginia, provides innovative solutions within the IT, ICT, Transit, Health Sciences, Defense, and Logistics markets. ICS's proven integration processes allow its clients to reduce risks traditionally associated with long-term and large-scale projects. ICS delivers success for its customers by combining carefully selected best practices, a refined agile methodology, and a mission-driven management approach. ICS is currently accredited at ISO 9001:2015, ISO 27001:2013, ISO 20000-1:2011 and CMMI Level 3 maturity.
